

PRESS RELEASE

GOMULTIMODAL extends network

Augsburg/Hamburg, April 14, 2015 Stefan Blaas (49), Managing Partner of Süddeutsche Consultants, Augsburg becomes a new Partner of GOMULTIMODAL GmbH in Hamburg. Stefan Blaas adds competencies and experience in the field of European subsidy schemes for transport and research as well as intermodal expertise in maritime and continental transport.

The cooperation has started within two European projects in the Connecting Europe Facility in the field of transport and logistics.

Together with Gerhard Oswald Stefan Blaas developed the concepts and the subsidy application for new transports on the corridor Catalonia-Germany and for the market implementation of the bimodal technology of RailRunner North America Inc..

“With the network of Stefan Blaas in France, Italy and Spain we managed to significantly increase our radius of action” Gerhard Oswald, founder of GOMULTIOMODAL states. “In addition the long term experience in European research programmes and subsidy schemes is a big advantage.”

During the upcoming transport logistic fair from May 5 to 8 in Munich GOMULTIMODAL will present the whole portfolio for supply chains from the Northern port range to the Mediterranean in two locations both at Bayern Innovativ Halle B5 Stand 315/414 und at gwSaar Halle A5 Stand 313.
